

WONDER WEEK

You May Guess Where But You Don't Know What.

APPEARANCE OF LEON RICE MUSICAL OPPORTUNITY

Song Recital by Eminent New York Tenor Next Sunday Event of Surpassing Importance.

The coming of Leon Rice, the eminent New York tenor, to Albuquerque, for a song recital to be given at the First M. E. church next Sunday, is an event in musical circles not to be duplicated in importance soon. It is seldom an artist of international repute, such as Mr. Rice, can be induced to appear in the smaller cities, and upon terms which will permit everyone who likes good music to hear him. No regular admission fee will be charged.

Albuquerque lovers of high class music, delighted that circumstances have arisen that the talented artist is permitted to stop over here en route home from his Pacific coast tour. Local people can enjoy his famous "Evening of Song" which has charmed more than two million hearers at a dollar and upwards admission during his concert tours embracing over two thousand appearances in England, Canada and America. Many citizens who have visited New York will remember Leon Rice as the famous tenor soloist of Trinity Chapel, where music journals credited him with being the

highest salaried church singer in America.

As all are aware, Trinity Church corporation of New York City, is the richest church in the world. Its real estate holdings alone in New York are appraised at exceeding one hundred million dollars. It is said they have at all times the finest choir talent that money can obtain. As leading soloist, Mr. Rice's singing attracted widespread attention, thousands of newspaper articles praising his wonderful voice. So far as is known there has never been an unfavorable opinion rendered by any musical critic. It is said that he not only charms, but almost hypnotizes his audience, and even in smaller places, where not well known, his second appearance never fails to fill the house.

In Duluth, the Herald says, "The audience which heard Leon Rice's second song recital at the Lyceum theater numbered just 1,800 people. Every seat in the house was filled and over 1,000 were turned away before the concert started. The doors were closed at 8 o'clock, a quarter of an hour before the program commenced."

Mr. Rice will be assisted by Jennie Caesar-Rice, at the piano. Mrs. Rice is an artist of international fame, having distinguished herself by piano playing at the Chicago World's fair, at which time she won the medal as the youngest professional pianist.

The distinguished artists have been induced by Rev. C. O. Beckman to appear here without any stipulated guarantee. No admission is to be charged. However, after about two-thirds of the program has been given the church will receive a silver appreciation offering which it is proposed to present him as a testimonial from the music lovers of this city. It is hoped that those attending will come prepared to give according to

their means and individual appreciation provided they like the recital well enough to lend encouragement. If successful no doubt other famous artists will come here on similar terms.

OBSERVATORY AT GRAND CANYON COMPLETE

Two Weeks More Will Finish Remarkable Building on the Edge of Cliff Two Thousand Feet High.

Harmon Schweizer of the Harvey court department, returned from Grand Canyon last night where he had been looking over the work on the new observatory on the canyon rim. Mr. Schweizer hopes that the building will be complete, even to the interior finishing, in about two weeks, or in plenty of time to be of service for the eastbound rush of tourists as well as for the end of the westbound winter travelers.

The observatory building is absolutely unique in its construction and in its location. There is only one Grand Canyon and only one observatory. The little building, finished all around, containing offices of the club is perched on the very edge of the canyon above a cliff which has a sheer drop of 2,660 feet. It has an unobstructed view across and of the canyon for fifteen miles in each direction. It is steam heated, finished with heavy French plate glass doors and observation windows, and but a few yards from the luxurious El Tovar hotel, telescope is included in the equipment. The instrument will be installed in a tower from which it may be pointed in all directions. The exterior of the building, which is grounded deep in the mother rock, will be finished in rough, native stone, and in the crevices will be planted native shrubs which will give the finished building the appearance of having grown on the canyon's rim.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION

Each "Pape's Diapepsin" Digests 3000 Gums Food, Ending All Stomach Misery in Five Minutes.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, distresses or intestinal griping. This will all go, and besides there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

WOODS HUTCHINSON TO LECTURE HERE

Famous Common Sense Doctor to Appear in Albuquerque as Last Event in Lyceum Course.

Miss Verna Vastine of Denver, representative of the Ridpath Lyceum bureau, is in Albuquerque today arranging with the managers of the Albuquerque Woman's club for the final number of the Ridpath Lyceum entertainment course which has been under way during the winter under the auspices of the club and which has proved very successful.

Miss Vastine has promised to the club a lecture by Dr. Woods Hutchinson, the famous common sense health preacher whose lectures and writings have made him world famous, as the final event of the course. The exact date of the Hutchinson lecture has not yet been announced, but it is certain to bring out some of the largest audiences of the entire entertainment course.

Harry Pollard, James Jackson and George Harris, negroes, and Jessie Baker, a white woman, were in police court this morning on charges of fighting and disorderly conduct. The quartette having been arrested last night after the lighter woman complained that Harris had struck her. The woman said in court this morning that one of the men had been sent out to get twenty-five cents worth of whiskey for a sick friend, and that Harris tried to force an entrance into her house. Judge Craig continued the case for a hearing at 5 o'clock this afternoon.

The court this morning dismissed Frank Weidman a bright looking German boy whose English was badly mangled but who made it plain that during his nine months in America he had been working for his living. Weidman came here from Gary, Okla., where he said he had a job but came west hoping to better himself. He was told to go out and hustle a job.

Compare it with any non-listener—even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send us this coupon and we'll send the machine.

Please send us an American Adding Machine for ten days' free trial.

THE AMERICAN ADDING MACHINE
The Latest Adder
COSTS BUT \$35
Ask for Demonstration

Here is a new price on a compact Adder. On a machine that is rapid, full-size and infallible.

The very latest machine, built by men who know, in one of the largest metal-working shops.

It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skilled operators.

It is also intended for offices and stores where costly machines are a luxury.

The price is due to after simplicity, and to our enormous out-

put. Seven keys do all the work. Now we make this offer so that offices everywhere may learn what this machine means to them.

TEN DAYS TEST

We will gladly place in any office one American Adder for a ten days' test.

There will be no obligation, and charges.

Compare it with any non-listener—even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send us this coupon and we'll send the machine.

Each copied number is shown up for checking before the addition is made.

The machine will add, subtract and multiply. With very slight practice anyone can compute a hundred figures a minute and the machine never makes mistakes.

Countless offices, large and small, are getting from these machines the highest class of service.

Glass Inclusions for Sightseers.

Washington, Feb. 17.—The chief industry in Washington—auto sightseeing—has undergone a revolution. After today the sightseers, rather less numerous in winter than in summer, will be able to gaze at the gigantic piles of granite and marble which house the government offices, peer at the homes of the wealthy, and inspect the numerous monuments without freezing to death. An enterprising rubberneck wagon company today announced that it has devised a plan for heating the inside of the big busses by steam from the engines.

COMMISSIONERS TO HEAR REPORT ON THE DYKES

Special Meeting of the County Board Tomorrow Afternoon to Receive Data from County Engineer.

The board of county commissioners will hold a special meeting tomorrow afternoon at 2 o'clock to receive a final report from County Engineer Pitt Ross on the work necessary on the Rio Grande dykes during the coming spring floods. The commissioners propose to do all work necessary to guarantee flood protection this year, and as much as possible next year, because the heavy snow fall in southern Colorado and northern New Mexico is expected that considerable work will be necessary. The county engineer will recommend, via a number of small additional dykes and wing dams.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

CORHAN LEAVES FOR FRISCO SATURDAY

Albuquerque Infielder determines to Accept Contract With San Francisco Coast League for Another Season.

Roy Corhan, the brightest star in Albuquerque's baseball history, thus far in the way of the home produced article, has finally decided his immediate future in the baseball world. Corhan has had some rather fancy offers this season; one of the best in a financial way being from the Indianapolis Federal league team which offered the Albuquerque shortstop \$2,500 and a three-season contract and finally raised the ante to \$4,000 a year. This however, Corhan finally determined to refuse after the San Francisco management had advanced his pay check to an extra \$500 a year, and yesterday when the players' management would him transportation—he made up his mind to elope and did so by wire. Mr. and Mrs. Corhan will leave on the California Limited Saturday for the coast.

A play everyone should see. Teaches a great moral lesson, but not offensive.

PRICES 50c, 75c \$1.00
